Additional District Information

The Cumberland Valley district was determined to score in the *Needs Assistance* category for the sixth consecutive year. Due to the longstanding low performance the district determination was reduced to *Needs Intervention*.

Indicators 1, 7 and 8 are compliance indicators. The target is set by the Office of Special Education Programs (OSEP). There were no findings of noncompliance for these indicators.

Indicators 2, 3, 4, 5 and 6 are performance indicators. These are a measure of the districts overall performance in several key areas. The target was set by the state during the development of the State Performance Plan (SPP).

For Indicator 3, there were a total of 2033 children with two data points in the Kentucky Early Childhood Data System (KEDS) statewide. A total of 69 were from the Cumberland Valley district.

For Indicator 4, there were a total of 5352 survey distributed statewide. Of these, 191 were sent to families in the Cumberland Valley district with 45 returned for a return rate of 23.56%.

A determination of *Needs Assistance 6 (Needs Intervention)* means that the district must continue to seek out targeted technical assistance and training resources on topics specific to the areas of noncompliance. This may include onsite technical assistance visits and monthly monitoring calls with the Point of Entry Manager and other key stakeholders.
